Soft Skills

From 2005 to 2016 I was an official referee for the Italian Soccer Federation (FIGC), a sporting activity that taught me **discipline**, **respect** but above all how to **handle stress** in complicated situations.

From 2014 to 2016 I was a founding member of a nonprofit cultural association with the purpose of organizing cultural events in difficult and degraded urban contexts seeing the participation of national and international artists, an experience that gave strength to my **communication** skills even in public .

During 2014 I contributed to the organization of a 3-day art-music festival in Naples, an experience that improved my **organizational** and **teamwork** skills.
