

Technology Transfer in Life Sciences

Training workshop

23rd and 24th February 2022
Phygital event @ Human Technopole
Working language: English

First session - February 23rd

14.30-15.00 Registration

15.00-15.10

Introductory remarks

Iain Mattaj, Director Human Technopole

15.10-15.55

Introduction to Technology Transfer

Riccardo Pietrabissa, Full Professor of Industrial Bioengineering and Rector of the University School for Advanced Studies IUSS Pavia, Founder Netval

15.55-16.40

Case Study 1 - Genenta Sciences: a scientist that funds a company. From lab to production

Luigi Naldini, Full Professor of Histology University Vita Salute San Raffaele, Co-Founder Genenta and Director San Raffaele Telethon Institute for Gene Therapy (SR-Tiget)

16.40-17.30

Coffee break and networking

[Participants, speakers and HT scientists]

17.30-18.00

Lectio on the impact of research and science

Speaker to be confirmed

Second session - February 24th

10.00-10.45

Case Study 2 - Gelesis: a great success with failures

Alessandro Sannino, Full Professor of Polymer Technology and Biomaterials University of Salento, Founder Gelesis

10.45- 11.30

Case Study 3 - from research to patent (how and why)

Anja Zimmermann, Equity Management & Valuation Ascenion

11.30-13.00

Case Study 4 - Telethon: from patent to market (how and why)

Annamaria Merico, Head of Technology Transfer Telethon Foundation

13.00-14.30

Networking lunch

[Participants, speakers and HT scientists]

14.30-15.15

Remarks on venture capital financing

Lucia Faccio, Partner Sofinnova Telethon Fund

15.15-16.15

Summary, Key messages and launch of the new Centre for Innovation and Technology Transfer in the field of Life Sciences training activity 2022

- **Giuseppe Conti**, President - Netval, Head of Administration at the University School for Advanced Studies IUSS Pavia
- **Fabio Terragni**, Member of the Management Committee in charge of TechTransfer Human Technopole

16.15-16.30

Conclusions

Marco Simoni, President Human Technopole
