

From molecules to organisms:

An integrative view of cell biology

16 – 21 March 2025 | Radstadt, Austria

ORGANIZERS AND CO-ORGANIZERS

Sharon Tooze
The Francis Crick Institute, UK

Marino Zerial
Human Technopole, IT / MPI-CBG, DE

Gabriele Seethaler
Local Organiser, AT

Ilaria Guerini
Scientific Training Human Technopole, IT

Abstract submission
& registration

1 December 2024

SPEAKERS

Andrea Ballabio
TIGEM, IT

Yohanns Bellaïche
Institut Curie, FR

Gaëlle Boncompain
Institut NeuroMyoGene, FR

Brian Burke
Skin Research Institute of Singapore, SG

Jeremy Carlton
The Francis Crick Institute, UK

Pedro Carvalho
Sir William Dunn School of Pathology, UK

Elizabeth Chen
UT Southwestern Medical Center, US

Alba Diz-Muñoz
EMBL, DE

Ana Domingos
University of Oxford, UK

Robert Ernst
Universität des Saarlandes, DE

Benjamin Glick
The University of Chicago, US

Gareth Wyn Griffiths
University of Oslo, NO

Jean Gruenberg
University of Geneva, CH

Frederick M. Hughson
Princeton University, US

Tommy Kirchhausen
Harvard Medical School, US

Robin Klemm
University of Oxford, UK

Yamuna Krishnan
The University of Chicago, US

Sébastien Leon
Institut Jacques Monod, FR

Vivek Malhotra
Centre for Genomic Regulation, ES

Jodi Nunnari
Altos Labs - Bay Area Institute of Science &
University of California, Davis, US

Gaia Pigino
Human Technopole, IT

Rosa Puertollano-Moro
National Heart, Lung, and Blood Institute,
US

Aurelien Roux
University of Geneva, CH

Richard Scheller
23andMe, US

Sara Sigismund
European Institute of Oncology, IT

Anne Spang
Biozentrum, CH

Aurelio Teleman
German Cancer Research Center, DE

Sara Wickström
Max Planck Institute for Molecular
Biomedicine, DE
